(b) and (c) Government's reaction to the reference made by the Prime Minister of Bangladesh at United Nations General Assembly is in the statement released by Ministry of External Affairs on October 8, 1993, a copy of which is attached, *(see* below).

Bangladesh's attempts to internationalise the issue of sharing of river waters are not acceptable to India since this is a bilateral issue. Such attempts are not helpful for our bilateral discussions on the subject. Nonetheless, Government of India remain committed to the resolution of the issue through a purposeful dialogue with the Government of Bangladesh.

Statement

Sub : Official spokesman, in response to a query on the Bangladesh P.M.'s reference to the bilateral issue of River Waters in her address to the UNGA.

In answer to a query on the Bangladesh Prime Minister's address to the UN General Assembly, the Official Spokesman said that India noted with considerable regret that the Prime Minister of Bangladesh thought it fit to raise the bilateral issue of River Waters in her statement at UN General Assembly on October 1, 1993. Her references to Farakka Barrage and related issues neither do justice to the documented facts nor refer to the understanding in May '93 between Prime Minister of India and Prime Minister of Bangladesh on the principles and framework of sollution. India remains committed to devising "an equitable, long-term and comprehensive arrangement" on water sharing with Bangladesh through bilateral discussions.

When Bangladesh confirms its interest in a meaningful dialogue on these principles and is able to overcome the temptation to play politics with the important River Waters issue, it should be possible to conclude a mutually acceptable Agreement. India continues to be ready for a

constructive dialogue with Bangladesh on the subject.
